2010 High School Scholarship Application - download now (PDF)

## Foreword

The Michigan Society of Professional Engineers (MSPE) encourages talented and committed high school seniors to pursue an engineering degree. The Society also offers financial support through grants and scholarships to students who earn their degrees at a Michigan college or university. The scholarships are provided by the generosity of individuals, leading companies and educational institutions.

All scholarships are based on merit and are to be used towards tuition only. Applicants must meet minimum criteria to qualify.

## Eligibility & Requirements

Applicants must:

- \* Be accepted at a Michigan ABET accredited college or university and enroll in an engineering program. Scholarship awards are contingent upon acceptance for admission and an intent to earn a degree in engineering and enter the practice of engineering after graduation.
- \* Be a high school senior, a resident of Michigan, and a U.S. Citizen at the time of application.
- \* Have at least a 3.0 grade point average (based on a 4.0 scale) for the 10th and 11th grades.

- \* Attach a documented high school transcript and ACT test score to be considered.

Semifinalists will be contacted for an interview by a member of the Scholarship Selection Committee.

## Criteria

The Scholarship Selection Committee will award points based on GPA, ACT score, Activities and Honors, Essay, and Supplemental Credits. Points will also be awarded for college-level courses.
